Young offenders face discrimination, social exclusion and limited professional options when attempting to re-enter the labour market after release from prison.

Let's do something !

What can we do ? What will we do ?

The European project Fresh Start trains European VET trainers in entrepreneurship and equips them to provide young offenders with the required knowledge, skills and competences that will enable them to start and sustain their own business as a professional option.

Entrepreneurship could be a sustainable option for ex- young offenders!

Making entrepreneurship inclusive
